

Parish Council Highlights

October 17, 2018

Together In Ministry: Parish council members attended a workshop in September where they set some parish goals in regards to worship, ministries, community and temporal goods. They will ask for parishioner input at the AGM.

Fall Supper: There were around 250 people in attendance. It was very successful.

Ministry Fair: Build up to the Fair was over the 2 weekends prior to the event. The Fair itself went very well with many parishioners volunteering for the various ministries.

Buildings & Grounds Maintenance: The Chapel was renovated for the installation of Infant Jesus of Prague. Most of the lights in the church were converted to LED. Fifteen of the solid office doors were replaced by doors with glass inserts, this was a directive from the Archdiocese for their Safe Environment initiative.
